# CARE COORDINATION: REACHING OUT

**27 Community Dental Care Coordinators (CDCCs) from 14 local community partners in Alameda County connect children and youth to dentists through outreach and in-reach efforts throughout the year. Meeting families where they are is the first step for our CDCCs.**

CDCCs provide resources to families at health fairs and other events throughout Alameda County.

The Healthy Teeth Healthy Communities (HTHC) program is a cross-sector collaborative initiative to implement a county-wide dental health care coordination system to ensure Medi-Cal eligible children receive prevention and continuity of care services necessary to promote and maintain their dental health. The project period is April 2017 to December 2020.

# HTHC Community Dental Care Coordinators (CDCCs)

... **speak multiple languages:**

Spanish  
Bengali  
Cantonese  
Farsi  
Korean
